1. All foals of 2018 that desire to enter a racing center at any time should initially have their blood samples drawn by the Veterinary Officer of a Turf Authority and tested by the Diagnostic Research Laboratory, situated in RWITC Ltd, Pune. Samples drawn by other person/s and tests conducted at other laboratories thereon shall not be accepted by Turf Authorities of India.
2. To undertake mandatory testing of Two-year olds, the Veterinary Officers will be visiting breeding establishments in Jan 2020. The exact schedule will be informed by the concerned Turf Authorities. The programme of visit of Veterinary Officers is dependent on flight schedules and availability of reservation and is likely to change at short notice. The Veterinary Officers will forward their itinerary directly to the breeding establishment(s) concerned.
3. If a breeding establishment / person fails to have all its foals of 2018 sampled in this period for any reason whatsoever including the reason that the foal will go to a racing center more than 4 months later, etc, such breeding establishment/person shall at that time be required to request a Turf Authority to specifically send a Veterinary Officer for drawing the sample. The breeding establishment/person concerned would then have to mandatorily meet an additional expenditure of Rs. 30,000/- representing the additional cost for drawing samples at a later date at any given breeding establishment.
4. A supplementary reference set of Laboratory reports of all 2018 born foals, whose blood samples were collected by the Official Veterinarians and tested by Diagnostic Research Laboratories (DRL) Pune, will be made available by 1st March 2020 to all the Sr. Veterinary Officers of race clubs for their verification/confirmation of this mandatory compliance whenever a horse is seeking entry to race course anytime later during 2020.
5. NO 2018 born foal shall be allowed into a race course if it was not initially sampled by the Official Vets and tested only at the DRL, Pune. For further clarification on this issue, The Technical Director DRL, Pune or The Chairman, Veterinary Commission, Madras Race Club, Chennai may be approached.
6. Breeding establishments are requested to extend their full co-operation to the representative of the Turf Authority by keeping the yearlings ready for sample collection and also ensure that their Passports are available for identification. In case Passports are not available, the Certificate of Identity should be presented.
7. A representative of the breeding establishment must be present at the time of collection of the samples. Movements of yearlings should be avoided till the samples are collected.
8. No foal of 2018 will be accepted at any Racing Centre either for Auction Sales or for Racing unless their samples are drawn by a Veterinary Officer of a Turf Authority and they are negative for EIA and Glanders. The results of the test will be intimated to the breeding establishment directly by the Sr. Veterinary Officer concerned.
9. **All breeding establishments are requested to handover a Demand Draft of Rs. 1,000/- per sample being sample collection charges to the concerned Veterinary Officer, who collects the samples.**
